

Dear Ian,

We wanted to send you a thank you note for videeing our wedding day.

The video is just fantastic & we have had many people compliment your great work.

It's great to see that your price was very reasonable & your work was well and truly up there with those companies which charge double what you do.

We've spent many nights already watching our video & within the hour of edited footage - you've managed to capture all the events which happened on the day - well done!

thanks again

Cindy & Jason
