

## ***We cater for all budget types***

Our video production packages are affordable for all budgets, as we do not have set packages we can provide flexibility and quality in all our video productions.

### ***For us; no job too small or too big!***

If you like we can film for you just the wedding ceremony and the family photo group shots directly after the ceremony. As our minimum for a wedding video production is a two hour cameraman attendance on the day wedding shoot, after this we charge a set hourly rate. As a "budget package" we supply the video production as non-edited DVD's or if you want your video production to be professionally edited by our highly talented and qualified video editor, you have the choice of one of two edit packages as a separate fee to be added on top of the cameraman attendance fee to create a fantastic edited masterpiece with DVD animated menus, many copies of it on DVD and you even get copies of all the non-edited video on DVD's as well.

If you want us to film the whole day from the groom's home, the bride's home, the complete wedding ceremony, the family photos, bridal party and bride and groom romantic shots at that special garden or beach location, and all night coverage at the reception (speeches, cake cut, bridal waltz, party dancing, special interviews from your guests, bouquet and garter throw, and the final farewell circle to the bride and groom leaving) we can do that as well.

***Weddings are our specialty!  
We can capture the romance, the intimacy  
and the joy of the day.***

# ***Creations Videography***

*Videography with  
Creativity*

*Video Production*

*Specialists in Weddings  
and Special events*

*since 1994*

*At Creations Videography we have  
the creativity and expertise*

Our unique video camera techniques and editing styles are one of the best creative wedding video production styles around Melbourne. We have many clients tell us how fantastic our work is.

Have a look at the testimonials website page to see what our clients have said.

Bride and grooms always search around to find a good wedding videographer and spend lot of time to find the best one, in the end, they tell me they decided to come to us and book our services.

Why you may ask?

Well we are very experienced, talented and we possess some unique video camera and editing techniques and skills that some other wedding video cameramen have no knowledge of or do not have the imagination to attempt. A specialist and professional in wedding video production since 1994, we know exactly what we need to get a great looking wedding video production, and we make sure we capture all the important events with all the emotion. We not only have the experience but we also have expertise in what we do, so you can be assured that your wedding video production will be special and individual as yourself.

*At Creations Videography  
we have the equipment  
and experience*

In addition, we use professional equipment (professional video cameras, microphones and lighting, etc) to get fantastic high quality pictures and clear sound just for you. With all our packages we always shoot in 16:9 digital wide screen format and we always give you copies of the non edited stock footage video on DVD.

You know we often send wedding video DVD samples of our work to prospective brides, and then they will tell me later that they have cried viewing our wedding video work not even knowing the bride or groom in the wedding video production, this tells us also that we are producing remarkable wedding videos for our clients.

So do not rely on photos alone to record the true feeling of your special day. Have your most precious memories professionally recorded and edited digitally with a professional wedding video production so you, your family, and friends will talk about for years to come.

Our wedding video productions are very entertaining for all to view; they flow with the rhythm of the music and create a fantastic emotional feeling.

At Creations Videography, we offer video production of:

- Weddings
- Concerts
- Birthday parties
- Engagement parties
- Funerals
