Dear Ian

Just a short note to say thank you for the magnificent job you did with our wedding video. We really were thrilled to bits.

We showed some of it to our friends on Sunday night and they agreed how good it was.

I have a girlfriend at work who is getting married next March and I have given her all your details and said what a splendid job you did. Hopefully sometime in the next month or so you will hear from her.

I have sent the copy off to my parents in England and I'm sure they'll enjoy it as much as we are.

Thanks once again for a great job.

All best wishes for the future

Regards

Sheila - Herman.
